COTTAGE GARDENS NURSERIES

BELK

(OF EUREKA, CAL.)

Wholesale Price List 1919-1920

FOR THE TRADE ONLY

SALES HEADQUARTERS

SAN JOSE, CAL.

TERMS AND CONDITIONS

(Please read carefully)

Prices herein are strictly net and to the trade only.

Rates apply as follows: If only one price is quoted it is a "flat rate" regardless of quantity. Where a second price is quoted the order must call for 50 or more of that particular item to get the lower rate. No exceptions.

Terms to customers of approved credit are 60 days from date of invoice, or 2% for cash in 10 days. Buyers unknown to us will please send remittance with order or give bank or trade reference. If C. O. D. shipment is wanted send one-third of amount with order.

Grading. Ordinary plants are graded by their height measured from surface of soil. Those of prostrate habit or wherever width is greater than height are graded, if symmetrical, by full width; if not symmetrical, by the distance from crown to end of longest shoot.

Point of Shipment. All stock offered will be shipped from San Jose at these rates except that where we also have the desired stock at Eureka and it is to the buyer's advantage to do so, we will ship direct from there by water.

Transportation. Please state whether to ship by express, freight or water, otherwise we will use our best judgment.

Packing is charged for at cost of material.

Claims. All goods travel at buyer's risk and our receipt from transportation company is to be held as evidence of satisfactory condition at that time. Before receipting for shipment examine it to see if in apparently good shape. If injured in transit memorandum should be made on freight bill and claim filed with transportation company. If there is any complaint as to shortage, grade or quality of goods it must be made within ten days after goods arrive. Otherwise it will be assumed that shipment is accepted as satisfactory. Any goods not up to representation may be returned at once, provided we are first notified so we may give instructions as to shipment.

Previous Quotations are hereby cancelled. Dated Dec. 15, 1919.

Nomenclature. The names of trees and shrubs in this catalog, with a few exceptions, are based on the recommendations of the American Joint Committee on Horticultural Nomenclature as they appear in Bailey's Standard Cyclopedia of Horticulture, pages 3575 to 3591.

COTTAGE GARDENS NURSERIES

G. VAN DEN ABEELE, Receiver

W. B. CLARKE, Sales Manager.

Eureka, Cal.

San Jose, Cal.

EUREKA NURSERY

Located in the great Redwood district of Humboldt County. The cool, foggy climate and forest soil are ideal for Azaleas, Rhododendrons, Box, Conifers, Bulbs, etc. To the extremely favorable natural condition we have added a magnificent equipment of greenhouses, sprinkler systems, packing houses, etc.

SAN JOSE BRANCH

In the famous Santa Clara Valley. Located on State Highway from San Jose to Oakland near Coyote Creek Bridge. Sales headquarters. Extensive lath houses enable us to carry in stock a large assortment of Eureka grown stock. Deciduous trees and shrubs, also roses, are grown here. Customers in San Francisco Bay region are cordially invited to visit this branch and make their selections.

IMPORTANT

All correspondence, inquiries and orders should be sent to Box 543, San Jose, California, as all sales are now handled through San Jose Branch.

SPECIALTIES

(All plants in this division are "balled" unless otherwise specified.)

DOUBLE Alphonse Lavalle. Bluish-lilac. Buds open red. Clusters erect. Chas. Sargent. Violet-mauve blended with sky-blue. Enormous flowers and clusters.

^{*}Boussingault. A new light blue lilac.
*Condorcet. Semi-double. Bluish-mauve. Flowers large. Thyrses large. Dr. Breitschneider. Purplish in bud opening white. Late.
*Dr. Masters. Rosy-lilac. Thyrses a foot long.
*Dr. Troyanowsky. Mauve. Enormous panicles, broad rather than long.

Emile Lemoine. Lilac-rose. Etoile de Mai. Reddish-violet with white reverse. Large flowers.

*Georges Bellair. Buds bright carmine.

Hippolyte Maringer. Purplish-mauve. Compact flowers. Very free.

*Jean Bart. Rosy-violet. Buds carmine.

Jeanne d' Arc. Pure white. Fine large flowers and panicles.

Lamarck. Rosy-lilac. Very large panicles. Flowers large. Very dbl.

*La Mauve. Light lavender. Quite attractive.

*La Tour d' Auvergne. Dark lilac. Good.

Leon Gambetta. Pink-lilac. Early. Round, regular, imbricated flowers.

Linne. Lilac-red. Darker reverse. Buds very dbl. Fair sized clusters. Marechal de Bassompierre. Rosy-carmine. Very showy.

*Maximowicz. Violet-heliotrope. Reverse silvery. Flowers enormous.

Michael Buckner. Bluish-lavender lilac. Buds reddish.
Mireille. White. Flowers large. Long thyrses. Very fine.

*Miss Ellen Willmott. Snow white. Elegant spikes. Fine large flowers.
Mme de Miller. Alabaster-white. Regular. Compact.
Mme Lemoine. Pure white. One of the best.
Pres. Grevy. Beautiful shade blue. Very large individual flowers.
Pres Viger Bluish-lilac Extra fine

Pres. Viger. Bluish-lilac. Extra fine.

Rene Jerry-Desloges. Azure-lilac. Enormous thyrses. Large flowers. Rosea Grandiflora. Rosy-lilac. Fine panicles. Early. Victor Lemoine. Azure-mauve fading paler. Very beautiful. Large fl'rs.

SINGLE

Beranger. Light lilac. Small-flowered. Good.

*Christophe Colomb. Light lilac. Buds purple. Very fine and large.
Colmariensis. Pale blue. Very large flowers. Fine glossy foliage.

*De Miribel. Dark bluish-violet. Long compact panicles. Very fine.
Dr. Lindley. Brilliant violet-purple. Buds red. Very beautiful.
Dr. Von Regel. Lilac-rose. Buds rose. Fine compact clusters.

*Edmond Boissier. Purplish-lilac. Purple-carmine buds. Fowers large.

Frau B. Dammann. Pure white. Trusses immense. Flowers medium size. Gloire de Lorraine. Dark lilac. Small thyrses. Large. Late.

Japonica. Creamy-white. Large panicles. Late. Josikaea. Purple.

Lilarosa. Silvery-pink. Very desirable.

Marie Legraye. Pure white. Fine large flowers and thyrses.

Mlle. Fernande Viger. Pure white.

*Negro. Deep violet-purple. Nigricans. Lilac. Fine.

*Othello. Dark, purplish-red. Large, graceful panicles.

*Perle Von Stuttgart. Pure white. Clusters & fl'rs enormous. Very good. Philemon. Showing possibly the darkest shade found in lilacs.

Princess Alexandra. White. Panicles large. Fine. *Toussaint l' Ouverture. Dark purplish-red. Large fl'rs. Long thyrses. Volcan. Purple. Dark red buds. Loose thyrses. Good.

We believe the above list comprises the finest assortment of Lilacs offered in this country. Many are the latest and choicest sorts. All stock offered is one year buds. As stock of some kinds is limited we request that selections be left to us as far as possible, stating number of varieties desired, or else give second choice.

*Varieties starred are either of dwarf growth or else extremely scarce and for these sorts the price will be that of the next larger grade.
